Use Photoshop 22.3.1 or Newer for Photoshop 2021 Exam

The new Visual Design using Adobe Photoshop 2021 (v 22.x) exam has been released in English. Early releases of the Photoshop 2021 are encountering problems with key features that are required during the exam.

To prevent problems during exams, we ask you to use Photoshop 22.3.1 or newer for candidates that are taking the new Photoshop 2021 exams.

This change does not have any impact on the 2019 or 2020 versions of the Photoshop exams.
