Preparing High School Students for the App Economy

Month of Swift

App Development with Swift certifications recognize students for their knowledge of Swift, Xcode, and app development tools. Join us on August 18th at 4 PM ET for a webinar focused on preparing high school students for the app economy.

You'll learn from a high school educator with experience implementing the Develop in Swift Explorations course and the App Development with Swift Associate certification, and resources to develop best practices in app development courses for the coming school year.

I'm Ready for Month of Swift

Certiport Offers Pearson CTE Courseware Titles

The area of CTE education is quickly becoming one of the most important career track options, and it provides more opportunity than ever.

Certiport has expanded their suite of Pearson CTE courseware offerings to include 11 great titles with a broad range of topics:

- Agriculture Science

- Anatomy, Physiology, Disease

- Health Science

- Medical Terminology

- Microsoft Office 365 (2 titles)

- Automotive Technology

Cont…

- Culinary Arts

- Cooking

- Baking

- Personal Finance

Our wide range of CTE courseware subjects range from agriculture science, to anatomy, to culinary arts and more. These courseware options will help educators better prepare students for college and career success. They also provide a good opportunity to expand and strengthen existing education programs. These titles are authored by industry-leading experts, and include high-quality photos, images, and examples.

To help educators get a better idea of what these courseware titles are like, we are offering free e-book versions for each of these titles.

This Week, on the Podcast

Meet Swift: Apple's Coding Certification

Swift is a robust and intuitive programming language created by Apple. It's easy to learn, simple to use, and super powerful — which makes it a great language for first time coders and full time developers.

In this episode we sat down with Sabrina Beck, Certiport's Program Manager for the Swift certification program to talk all things Swift, what's covered on the new certification exams, and what resources are available for teachers looking to bring Xcode into their classroom.
