A PEARSON VUE BUSINESS

## Compass Update Scheduled for Tuesday, August 31st, 2021

---

On Tuesday, August 31st Certiport will release a minor update to Compass. This update will require that you download and install an update for Windows-based users. We recommend that you schedule your testing on this day accordingly.

This update includes minor stability improvements. Take time to learn about Compass updates, to make sure your testing day goes as smoothly as possible.

# Back to School Means Back to Testing!

---

School is back in session, and it's time to get your students ready to learn, practice, and certify! Certiport is here to make your life easier. To help you and your students feel ready to test in the classroom this school year, we have created a testing day checklist with all you need to know to have a successful testing experience.

## Preparing Higher Education Students for the App Economy

---

*Month of*

App Development with Swift certifications recognize students for their knowledge of Swift, Xcode, and app development tools. Join us for a webinar focused on preparing higher education students for the app economy. You'll learn from a higher education instructor with experience implementing the Develop in Swift Fundamentals course, App Development with Swift Certified User certification, and other resources to develop best practices for the coming school year.

# PMI Project Management Ready™ Fall Kick-off

There has been a growing demand in the workforce for individuals with project management skills. These skills can help your students be valuable not only in the workforce but also in academics when applying for higher education. Together with Project Management Institute (PMI), Certiport is pleased to invite you to an educational webinar to discuss how you can prepare your students to meet this demand.

Cont...

Learn about:

- What and why of project management
- Importance of project management education in high school
- How to get started
- Resources for teachers

Join us Thursday, September 2nd at 5 PM ET. You won't want to miss it.

## Break into the World of IT with Shawn Moon

Information technology is a rapidly growing field, but it can be tough for students to master advanced technologies without proper foundational knowledge.

**Cont...**

Enter Information Technology Specialist certification.

In this episode we sat down with Shawn Moon, Certiport's Program Manager for the IT Specialist certification program to get all the details about this new certification, including what IT topics are covered on the current exams, what exams are coming, and what careers students can pursue with IT Specialist certified skills.
