

A PEARSON VUE BUSINESS

Apple App Development with Swift Certification Level 1 Exam Tutorial

Key Features

<p>Strikeout</p>	<p>By holding down the ctrl key and clicking (Mac) or right clicking (PC) on the text of the answer choice, a line will appear through that choice. You may strike out as many answer choices as you wish. You can undo your strikethrough by holding down the ctrl key and clicking (Mac) or right clicking (PC) on the answer choice text a second time.</p> <p>Striking out incorrect options does not select the correct option. You must click (Mac) or left-click (PC) the option so the radio-button or checkbox is marked to answer a question before proceeding to the next question. Strikeout is not currently supported on mobile devices. If you would like to use this feature, you may take the test on a non-mobile device.</p>
<p></p>	<p>You will have the ability to review the questions in the test before submitting your answers for scoring. The review screen will show questions that you have not answered or have flagged for review.</p>
<p><input type="checkbox"/> Flag for Review</p>	<p>If you would like to mark a question to review it later, check the Mark for Review box at the top of the screen. Uncheck the box to remove the mark flag.</p>
<p> Time Remaining 01:57:30</p>	<p>The time remaining will show in the top right corner of your screen. If you would like to hide the time, click on the icon of the clock. Click the icon again to show the time.</p>
<p> Question 3 of 6</p>	<p>The current question number will also show in the top right corner of your screen. If you would like to hide the current question number, click on the icon to the left. Click the icon again to show the current question number.</p>
<p></p>	<p>The calculator will be available throughout the exam. To open, click the Calculator button at the bottom left. To close, click the Calculator button again. The calculator will automatically close when navigating to the next question.</p>
